

## Public Session Voting - FAQ

### **Q: How does my vote impact the VMworld Agenda?**

A: Not only does your vote impact internal committee decisions, the VMworld 2015 program reserves space on the agenda (up to 5%) for “Customer Choice” Sessions. Tell a friend to vote, you might see your favorite session on the Agenda this August or October.

### **Q: Who can participate in Session Voting?**

A: Session voting is open to everyone. You will be required to login to your vmworld.com account to participate. If you do not have a vmworld.com account, you can set one up for free.

### **Q: How long is Session Voting open?**

A: Session Voting is open May 12 – May 26 at 11:59 pm PDT.

### **Q: Am I voting on sessions for both events – US and Europe?**

A: Yes, this is a global voting process. Approximately 80% of sessions selected will be presented at both events.

### **Q: I'd like to vote on a specific track and/or session. How can I do this?**

A: Once you login to the voting site, you can select a Track, Sub-track or do a Keyword Search (Session ID, title, speaker, etc.) to find specific sessions(s).

### **Q: How many sessions can I vote on?**

A: You can vote on as many sessions as you'd like. You can only cast one vote per sessions.

### **Q: How do I cast my vote?**

A: For sessions that you like and would like to see in the VMworld program, click on the “Thumbs Up” symbol next to the Session ID. You will receive confirmation that your vote has been counted. To remove a vote, you will need to click on the “Thumbs Up” symbol again and this will remove the vote.

### **Q: How will my votes be saved?**

A: Yes, your votes will be saved and you will be able to view them each time you login to the voting site.

### **Q: How are my votes counted towards session selection?**

A: Your vote, and the votes of others who participate in public Session Voting, will be reviewed by our VMware Content Team and will influence the final session selection.

**Q: What are the technical level descriptions?**

A: There are three technical levels:

- Business Solution: General product overviews and updates for business best practices
- Technical: Attendee has solid knowledge of the technical topic.
- Advanced Technical: Attendee has extensive experience with the topic including integration and implementation knowledge.
